## **LAST CALL FOR THE KIMBERLEY WITH 'MEALS ON WHEELS'!**

It's the last call for the Kimberley as leading Perth tag-along-tour operator, *Global Gypsies*, prepares for their once-a-year tour to everybody's favourite outback destination.

From spectacular rugged cliffs, to gentle rock pools to rugged 4WD challenges, the Kimberley in Northwest WA has it all. Yet many people don't get to see some of nature's best kept secrets because they don't venture off-road!

With Global Gypsies you can drive your own 4WD vehicle and explore those out of the way places - independent but not alone. You'll travel in a small convoy led by a professional and knowledgeable Tour Guide in a well-equipped escort vehicle. And catering is provided by experienced Safari Hostess Rebina Criddle who whips up three delicious and nutritious meals a day plus morning tea in the bush giving a whole new meaning to meals on wheels!

Numbers are strictly limited on this fabulous self-drive safari to such iconic destinations as Mitchell Falls, Gibb River Road, Kununurra, Lake Argyle, El Questro, Bungle Bungles, Geikie Gorge and more.

The 16-day safari which begins and ends in Broome and departs on August 3 costs just \$166 per person per day including meals. Participants can join for all, or only part, of the safari if they wish.

No previous 4WD experience is necessary to participate in this soft-adventure eco-tour but you do need your own (or a hired) 4WD vehicle. Included in the package along with the services of a professional Tour Guide and a Safari Hostess are 4WD tuition; specially equipped 4WD lead vehicle with recovery & communications equipment; custom-designed catering trailer; overnight camping fees; permits and entry fees to national parks; comprehensive Pre Departure Workshop and Pre Departure Kit; white linen candlelit Farewell Bush Dinner and optional hire of 4WD vehicle, two-way radio and/or camping gear at special rates if required.

Global Gypsies has been operating for 12 years, has national accreditation and adheres to a strict environmental policy. Director Jan Barrie says, "In tough economic times Aussies are getting out and seeing their own country in unprecedented numbers. What better way to explore the magnificent Kimberley region than to travel with an experienced tag-along-tour operator and a small group of like-minded adventurers. You'll see the best of the West while improving your 4WD skills, enjoying quality catering and knowing you're in safe and capable hands."
